**I. INTRODUCTION:**

**A. PURPOSE:**

The purpose of this Request for Proposal is to obtain sealed proposals for Tire Recycling.

It is the goal of this Request for Proposal to identify a vendor(s) and execute a contract for collection, hauling, loading, transportation and recycling of stockpiled tires at various locations throughout the State.

**1. COMPETITIVE SEALED PROPOSAL:**

It has been determined by Director, Government Support Services, pursuant to **Delaware Code Title 29, Chapter 6924 (a)** that this solicitation be offered as a request for competitive sealed proposals because the use of competitive sealed bidding is not practical and/or not in the best interest of the State. The use of competitive sealed proposals is necessary to:

- Use a contract other than a fixed-price type; or
- Conduct oral or written discussions with offerors concerning technical and price aspects of their proposals; or
- Afford offerors an opportunity to revise their proposals through best and final offers; or
- Compare the different price, quality and contractual factors of the proposals submitted; or
- Award a contract in which price is not the determining factor.

**2. CONTRACT REQUIREMENTS:**

This contract will be issued to cover the State's needs for collection, hauling, loading, transporting, and recycling of stockpiled tires from multiple agencies and locations.

**3. MANDATORY USE CONTRACT:**

**REF: Title 29, Chapter 6911(d) Delaware Code.** All Covered Agencies as defined in 29 Del. C. §6902(6) shall procure all material, equipment and nonprofessional services through the statewide contracts administered by Government Support Services, Office of Management and Budget. Delaware State University, Delaware Technical and Community College, school districts, and the Legislative Branch are specifically exempted from the requirements of this subchapter. In addition, the Delaware Transit Corporation is exempt from the entire procurement chapter. Pursuant to 29 Del. C. §6904(l) and (n) respectively, the Department of Elections and the Board of Pension Trustees have certain exemptions from the procurement chapter which may or may not apply to this Request for Proposals.

**4. MULTIPLE SOURCE AWARD**

The Agency reserves the right to award this contract to more than one vendor pursuant to 29 Del.C. §6926.

**II. SCOPE OF WORK:**

**A. OVERVIEW:**

The Vendor(s) shall provide all equipment, materials and labor to supplement the State of Delaware's need for Tire Recycling as described herein. The contract will require the Vendor(s) to cooperate with the ordering agency to insure the State receives the most current state-of-the-art material and/or services.

**B. BACKGROUND:**

Various state agencies maintain their own fleet of vehicles and accumulate tires due to normal wear and tear. DelDOT maintenance yards are also responsible for picking up tires that have been discarded along the state's roadways. The agencies currently take these tires to the nearest landfill periodically. This contract will reduce the number of tires sent to the State's landfills. In accordance with Executive Order #18, all State executive branch agencies, departments and offices shall reduce, reuse, and recycle materials to achieve a 50% rate of diverted waste from landfills by the end of fiscal year 2011, and a 75% rate of diverted waste from landfills by the end of fiscal year 2012, for office, construction, and demolition debris and other state activities or wastes.

**C. STATEMENT OF NEEDS:**

The State is seeking a vendor(s) who is licensed and meets the requirements to provide all services for collection, hauling, loading, transportation and recycling of tires from multiple agencies and locations as per the Detailed Requirements in this Request for Proposals.

**D. DETAILED REQUIREMENTS:**

The technical requirements of this RFP are stated in Appendix A, Scope of Work Details. Vendors must provide pricing for the items listed in the Excel Spreadsheet, Appendix B.

**DEPARTMENT OF CORRECTIONS SECURITY REQUIREMENTS & PROCEDURES**

**1. REQUIREMENTS:**

The correctional facility has issued regulations to be observed by all contractors, their subcontractors (if any) and employees and other firms providing services for or otherwise assigned to or working on the project in order to minimize disruption to prison operations, maintain security and facilitate the construction process. While working inside the prison facilities on a regular or occasional basis, it must be clearly understood that prison security requirements will at all times take precedence over construction operations. The contractor shall comply with all such regulations and consider the regulations when preparing his/her bid.

**2. WORKING AT A DEPARTMENT OF CORRECTION FACILITY:**

- a. In order for the Department of Correction (DOC) to ensure security on the job site, the prime contractor shall submit a list of all proposed workers who will be working on the site to the DOC including name, social security number, age, sex, race and date of birth. This list shall include all sub-contractors (if any) and any vendors requiring access to the secure perimeter of the facility.
- b. Workmen will not be permitted on the campus without approval.
- c. All tools, equipment, supplies, etc., shall be removed from the compound building daily.
- d. A list of tools must be supplied with each truck. Inventory shall be taken by the contractor at the beginning and end of each workday. Correctional Officers reserve the right to inspect and inventory all toolboxes, workmen and trucks. Report all missing tools immediately. Leave all unnecessary tools at the shop.

- f. Proper construction clothing is required. Short pants are not permitted.
- g. Contractors shall include, in their bid, a sufficient amount of time to enter and depart the facility in a given day. As an example of previous projects at a Department of Correction site, it takes between one half hour to one hour to enter or leave the facility.
- h. Contractor is advised that only limited movement will be permitted while inside the compound.
- i. Contractors are requested to notify the Director of Custody of Operations upon the termination of worker's services in order that the identification card on file can be pulled and rendered inactive.
- j. Completion of "A" Short Form is required for all employees (see next page for "A" Short Form).
